

# Maine Baby Diaper Facts

Compiled by the National Diaper Bank Network

Diapers are as essential to a baby's healthy development as a mother's love. Keeping infants and toddlers clean, dry, and healthy is key to building a solid foundation for all children to reach their full potential. But many babies don't have the clean diapers they need.

of FPL

# Maine's Babies Need Strong Foundations

Children in low-income families are at greatest risk of suffering the effects of diaper need because many families can't afford diapers. Current public support programs help some, but young children have additional needs necessary to build a strong foundation for healthy growth and to reach their fullest potential.

## Early Education Supports Help Maine's Children

Early Head Start provides child and family development services for infants, toddlers, and pregnant women. Center-based EHS programs provide diapers for infants and toddlers. Other federally funded child care assistance programs don't. For families enrolled in the latter, not having access to diapers removes a key building block for strong families. Without diapers a parent can't go to work, and not working disqualifies a parent from vital child care resources.

Of the **149,986** infants, toddlers, and mothers who participate in Early Head Start, **777** are from Maine

# TANF & Diapers in Maine

An average monthly supply of diapers costs approximately \$80. The only federal assistance program that can be used for diapers is TANF, but TANF has to cover many other expenses, including heat, electric and water bills, rent, clothing, transportation, and other basic needs. Little if any money is available to purchase enough diapers to keep a baby clean, dry, and healthy.

## Max Benefit for Family of 1 Parent & 2 Children

■ Maine ■ US Average

## Diaper Costs Compared to Benefit

In Maine there is a 12 month exemption from the work-related activity requirement after the birth of a child for single parent households receiving TANF payments.

## Maine Diaper Bank Helps Fill the Gap

Maine has

**4**

NDBN-member diaper banks that distribute

**124,579**

diapers annually.

The National Diaper Bank Network's goal is to ensure that every child in the United States has enough diapers to remain clean, dry, and healthy. Diaper banks across the country are working to eliminate diaper need by providing families with diapers.

Nationally there are **300+** NDBN-member diaper banks  
distributing over  
**52 million** diapers annually!

All diaper banks require community support and donations  
of diapers and dollars to allow them to serve their  
communities.
